1 Introduction

Janison Replay (Replay) is a digital test delivery application that allows students to participate in the ICAS and Reach online assessments. Replay locks the device down so that the student can't access anything on their device outside of the app during the test.

Candidates undertake tests on Replay devices

1.1 System requirements for Replay installation

⊕ Hardware	☑ Software	🖾 Internet speed
Desktop or laptop computer(Not a tablet or mobile)	• Mac (macOS Ventura 13+)	Download: 300KB/sUpload: 250KB/s+
 Recommended screen resolution: 1024 x 768px Free disk space: 1GB+ 		

2. Installation

Technical specialists will need to install a copy of the app on each of the student devices.

Important: Please ensure that you have uninstall any previous Janison replay applications on your
macbook

2.1 Install Replay

Download the install file **Janison Replay v5.8.43.pkg** and place a copy on the student device. You install the app as you do with any other app.

1. Select the install file.

2. Select Continue.
